Cologne, 04. January 2022

GLOBALG.A.P. Agreement on Extension of the scope of the License and Certification Agreement (LCA) V4.2 signed 23. March 2017 between VERIFICACION Y CERTIFICACION PAMFA A.C. and GLOBALG.A.P.

Dear Marielena Domínguez,

This agreement amends point 26 of your current License and Certification Agreement by including the Integrated Farm Assurance (IFA) v5.4-1-GFS Crops Base, sub-scope Fruit and Vegetables (FV).

Based on your application that we received on 04 January 2022, GLOBALG.A.P. grants your Certification Body the approval for the following standard:

**Integrated Farm Assurance (IFA) v5.4-1-GFS,
Scope Crops Base, Sub-Scope: Fruit and Vegetables**

The current valid list of standards, scopes, sub-scopes and add-ons your company is approved for is available in the CB Extranet (cb.extranet.org).

CBs already accredited for IFA v5.2 or for IFAv5.3-GFS may issue more than 20 non-accredited certificates for the Integrated Farm Assurance (IFA) v5.4-1-GFS, Scope Crops Base, Sub-Scope Fruit and Vegetables during this period until they received accreditation for this standard version.

We have added you as Scheme Manager to the dossier for the above-mentioned standard. To keep the final approval, please forward us the proof that your In-House Trainer has passed the update seminar within the next six months. Add new auditors and inspectors in the GLOBALG.A.P. Database (<https://database.globalgap.org>) as new employees. Assign them to the relevant standard and available language(s) and note that they have to go through the compulsory online training and take the online exams if available. Before the inspectors/auditors perform an inspection/audit, please make sure that their status of the relevant modules is active in the database.
